

INTERNATIONAL SCHOOL OF WESTERN AUSTRALIA — LEASE AGREEMENT

1365. Hon SUE ELLERY to the Minister for Education:

I refer to the agreement with the International School of Western Australia to relocate from its current City Beach site to new refurbished buildings at Doubleview Primary School.

- (1) What is the cost to the state government to end the International School of Western Australia's lease agreement at City Beach?
- (2) Were any other financial arrangements made as part of this agreement; and, if so, what was the total cost to the state government?
- (3) Will the minister now release the agreement between the government and the International School of WA; and, if not, why not?

Hon PETER COLLIER replied:

I thank the honourable member for some notice of the question.

- (1)–(3) The Department of Education is not providing a payout to the International School of Western Australia to leave the former City Beach high school site. The department has agreed to lease to the International School of Western Australia like-for-like facilities at the existing Doubleview Primary School site. The department has agreed to pay the actual costs associated with the agreement to relocate the International School of Western Australia to the existing Doubleview Primary School site. The department has set aside \$3 million for associated costs for the relocation and other establishment costs. The department has negotiated a heads of agreement with the International School of Western Australia. This document forms the basis of the agreement for lease, which is currently being prepared by the State Solicitor's Office and is expected to be finalised in December 2016. The department is prepared to release the heads of agreement once the agreement for lease has been signed.
