

POLICE — WORKERS COMPENSATION SCHEME — WORKFORCE OPTIMISATION SCHEME

5571. Mr M. McGowan to the Minister for Police

I refer to statements from the Minister and the Commissioner of Police last year, that they were examining the potential for a workers compensation scheme for police, and I ask:

- (a) has a study been undertaken into what a future workers compensation scheme for police would look like; and
- (b) if yes:
 - (i) what proposed scenarios were looked at; and
 - (ii) what was the cost of each?

Mrs L.M. Harvey replied:

- (a)–(b) As part of the Workforce Optimisation Project, Western Australia Police are examining potential options for workers compensation for police officers.
