

NATURAL RESOURCE MANAGEMENT GROUP — PERTH REGION

7399. Mr C.J. Tallentire to the Minister for Agriculture and Food

In relation to the governance of the Perth Region Natural Resource Management group, I ask:

- (a) when did the group have its last Annual General Meeting;
- (b) were all community member organisations advised of the holding of the meeting; and
- (c) does the Minister or his Department hold a copy of the notice of the meeting, of its agenda and its minutes?

Mr D.T. REDMAN replied:

- (a) The Perth Region Natural Resource Management group held its last Annual General Meeting on Tuesday 13th December 2011.
- (b) Yes — all members of the Association who were current at the time were formally notified of the holding of the meeting.
- (c) Neither the Minister for Agriculture and Food nor the Department of Agriculture and Food were members of the Association at the time of the last Annual General Meeting and accordingly did not receive a formal notice of the meeting or an agenda for the meeting. Minutes for the December 2011 AGM would not usually be made available until the following AGM. .
