

TRAIN SERVICES — FARE CHECKS

5176. Mrs L.M. Harvey to the Minister for Transport; Planning:

- (1) When were fare checking operations conducted on each of the following train lines:
 - (a) Joondalup, Mandurah, Fremantle, Armadale, Midland?
- (2) For each station involved for each check point, I ask:
 - (a) How many Public Transport Authority (PTA) officers were deployed;
 - (b) How many PTA passengers were checked; and
 - (c) How many fines were issued?

Ms R. Saffioti replied:

- (1) Fare checking occurs continuously during train operations across all metropolitan rail lines. In addition, there are targeted fare checking operations known as barrier checks. These are conducted in addition to normal fare checking procedures and are conducted at individual stations during week days.

The number of PTA officers deployed for barrier checks will range between four and 14 officers depending on the station layout, the expected number of passengers and the number of employees rostered and available for duty.

As it is not clear which timeframe the member is referring to, barrier checks that have been conducted between 1 December and 30 December 2018 are as follows:

Date	Passengers Checked	Infringements Issued	Location
03.Dec.18	5810	17	Elizabeth Quay
05.Dec.18	1324	11	McIver
06.Dec.18	1624	21	Perth Platform 4
07.Dec.18	667	4	City West
10.Dec.18	579	5	Claisebrook
11.Dec.18	704	5	City West
12.Dec.18	195	6	McIver
14.Dec.18	824	9	Cockburn Central
18.Dec.18	699	3	City West
19.Dec.18	859	5	McIver
24.Dec.18	362	6	Perth Platform 4
