

LIGHT RAIL PROPOSAL — COST ESTIMATE

4952. Hon Ken Travers to the Minister for Finance representing the Minister for Transport

I refer to the estimated cost of \$131 million for light rail vehicles in the document 'Public Transport For Perth in 2031', and ask on what basis was this figure determined?

Hon SIMON O'BRIEN replied:

The Department of Transport advises:

This figure is based on the cost of light rail vehicles and is based on the current (2010 dollars) average cost of modern light rail vehicles.
