

RCR TOMLINSON

1073. Hon SAMANTHA ROWE to the minister representing the Minister for Water:

I refer to RCR Tomlinson's statement to the Australian Stock Exchange on 14 August 2015 that states that the company has \$130 million in guaranteed work over three years from the Water Corporation, with immediate starts on new and existing projects and selected bidder status to tender for additional Water Corporation works for an initial two-year term with prospect of this to be extended.

- (1) Is it anticipated that RCR Tomlinson will do the \$130 million guaranteed work in one year; and, if yes, what year is that?
- (2) In which years does RCR Tomlinson have selected bidder status?
- (3) What does "selected bidder status" mean?
- (4) During each year that RCR Tomlinson has selected bidder status, are there any limits on how much of the asset investment program they can bid for; and, if yes, what are those limits?
- (5) On what basis could RCR Tomlinson's selected bidder status be extended, and for how long?

Hon KEN BASTON replied:

I thank the honourable member for some notice of the question. I answer on behalf of the Minister for Water.

- (1) The work RCR Tomlinson will undertake as part of the engineering construction services branch sale agreement will take place over three years.
- (2) From 1 September 2015 to 31 August 2017.
- (3) They will be able to bid competitively against up to eight other selected private sector companies on projects which, in their corporation's opinion, they have capability to deliver.
- (4) No.
- (5) There is no commitment to extend.
