

ROADS — HIGH STREET UPGRADE — FREMANTLE

4027. Mrs L.M. Harvey to the Minister for Transport:

I refer to the High Street upgrade, and I ask:

- (a) has a business case now been prepared for this project;
- (b) if not, will a business case be prepared and made publicly available;
- (c) what is the current number of annual truck movements on High Street between Stirling Highway and Carrington Street; and
- (d) what is the forecast number of annual truck movements on High Street between Stirling Highway and Carrington Street in 2025 and 2031?

Ms R. Saffioti replied:

- (a)–(b) Preliminary design is currently underway.
- (c) Current traffic volumes are in the order of 32,000 vehicles per day.
- (d) The traffic forecasts for 2031 are in the order of 40,000 vehicles per day
