

PUBLIC SCHOOLS — ENROLMENT PROJECTIONS

4402. Hon Sue Ellery to the Minister for Education:

What do the most recent enrolment projections indicate for Western Australian public schools, by primary and secondary level, in:

- (a) 2017;
- (b) 2018;
- (c) 2019; and
- (d) 2020?

Hon Peter Collier replied:

The student enrolment projections below were produced after the Semester 2, 2016 student census. They are revised after each biannual student census. Actual enrolments will differ from the projections.

The projections are based on historical enrolment trends and the Department of Treasury's Western Australian population projections. The projections have been rounded to the nearest 10 students and are used for broad planning purposes.

The projections for primary comprise students in Kindergarten to Year 6, and secondary comprises full-time Year 7 to Year 12 and ungraded secondary students.

Phase	Projected student enrolments in public schools (Semester 1)			
	(a) 2017	(b) 2018	(c) 2019	(d) 2020
Primary	196,220	199,290	201,990	205,670
Secondary	103,680	105,620	108,190	111,630
