

NATIONAL HEAVY VEHICLE REGULATOR

2865. Hon Ken Travers to the Minister for Transport

Is the State Government still committed to the National Heavy Vehicle Regulator, and what are the key issues which will affect the governments support for this proposal?

Hon SIMON O'BRIEN replied:

The State Government is committed to the introduction of a National Heavy Vehicle Regulator (NHVR).

The NHVR will improve road freight industry safety and productivity through the removal of inconsistent jurisdictional requirements and streamline regulatory arrangements to reduce costs and the regulatory burden on Australian transport companies and their clients.
