[LEGISLATIVE ASSEMBLY COMMITTEES A AND B SUPPLEMENTARY INFORMATION — Thursday,

23 September 2021]

p507b-507b

Dr David Honey

Mid West Ports Authority —

[Supplementary Information No A8.]

Question: Dr D.J. Honey asked for an estimate of the tonnages through the port of Geraldton at the moment and the port's capacity to cope with additional exports.

Answer: MWPA is currently in discussions with a number of potential proponents that are looking to either import or export through the port. The projects that are associated with these discussions have varying degrees of confidence and are at varying levels of project, financial and regulatory approvals, along with projected shipping commencement dates.
