

TAFE — STUDENT MANAGEMENT SYSTEM

604. Hon ALISON XAMON to the Minister for Education and Training:

I refer to the new student management system that went live at North Metropolitan TAFE in semester 1 and is currently being rolled out to regional TAFE colleges.

- (1) How much was originally budgeted to plan, develop, build, test and fully implement this system?
- (2) Has an assessment of the implementation at north metro college been undertaken?
- (3) If yes to (2), will the minister please table that assessment?
- (4) If no to (2), why has this system been rolled out to the regional colleges prior to identifying and correcting issues found at north metro college?

Hon SUE ELLERY replied:

I thank the honourable member for some notice of the question.

I did indicate behind the Chair that I was not confident that I could get the answer today. It is not possible for me to provide a response to this question within the required time period. I will have a response available on the next sitting day of the Legislative Council.
