[Witnesses introduced.]

The CHAIR: I give the call to the member for Scarborough.

Mrs L.M. HARVEY: I refer to TAFE colleges on page 193 of budget paper No 2. The total cost of the TAFE colleges' asset investment program was \$97.6 million last year and now we are looking at a total estimated cost of \$93.4 million. Where is the variance? Where has the loss of that \$4.2 million come from? I know there are some unders and overs.

Mr P. PAPALIA: What is the question?

Mrs L.M. HARVEY: I might have to put the question on notice. The minister will not have time to answer it.

Mr P. PAPALIA: I think the member might have to, sorry. I am not sure I am going to have the time to answer it.

The CHAIR: That completes the examination of Central Regional TAFE.

Meeting suspended from 1.00 to 2.00 pm
