

HALIDON PRIMARY SCHOOL — ADMINISTRATION BUILDING UPGRADE

818. Hon MICHAEL MISCHIN to the Minister for Education and Training:

My question relates to the administration building project at Halidon Primary School, which arose out of an election commitment by the member for Kingsley. Will the minister produce and table a copy of the advice she, as minister, received from her department regarding that commitment that prompted the undertaking of that project by the Department of Education; and, if not, why not?

Hon SUE ELLERY replied:

In all circumstances today, I am going to ask that the member put that question on notice.
