

HOUSING — MACRO REALTY DEVELOPMENTS — PILBARA

1065. Hon SUE ELLERY to the Minister for Commerce:

I refer to the Department of Commerce media statement of 24 May 2016 in relation to the suspension of Macro Realty Developments Pty Ltd from carrying out its business, and to a report in *The West Australian* of 5 October 2016 that Ms Veronica Macpherson was running ticketed information sessions for Macro Realty investors.

- (1) Is the activity as reported contrary to the suspension order from the State Administrative Tribunal?
- (2) If yes to (1), what action has the government taken to stop this activity by Ms Macpherson?
- (3) If no to (1), has the government sought any additional orders from the State Administrative Tribunal, or through any other avenue, in relation to the information sessions and/or any other business activity being undertaken by Ms Macpherson and Macro Realty; and, if not, why not?
- (4) If yes to (3), what additional steps have been taken in relation to Macro's business activities?

Hon MICHAEL MISCHIN replied:

I thank the honourable member for the question. Unfortunately, I do not seem to have the answer. Was it submitted today?

Hon Sue Ellery: Yes.

Hon MICHAEL MISCHIN: It may come to light, but I do not recall having seen the question. I simply have no answer in my folder, but if it comes to light, I will deal with it. If it does not come to light today, I will deliver an answer tomorrow if possible.
