

INFILL SEWERAGE PROGRAM — PROGRESS

5754. Hon Colin Holt to the Minister for Mental Health representing the Minister for Water

- (1) Which locations outlined under the Environment and Public Affairs Committee report into infill sewage have been completed since the release of the committee findings in 2010?
- (2) What areas are next to be completed?
- (3) Can the Minister provide a detailed plan for the timeline of completion of areas outlined in the report but yet to be connected to infill sewage?
- (4) What is the cost of implementation of the Environment and Public Affairs Committee's recommendations to complete the infill sewage project backlog within the forward estimates?

Hon HELEN MORTON replied:

- (1) Spearwood (28A, 12, 12P and 16PP); Dawesville (2B) and Quinns (4D and 4E).
- (2) For current areas, please refer to Minister's media release from 24 June 2011.
- (3) No. A detailed plan for the timeline of completion of areas outlined in the report yet to be connected to infill sewerage cannot be provided as the timeline is subject to approvals and construction circumstances.
- (4) This Liberal–National Government has committed \$100 million to the Infill Sewerage Program priority projects. This includes the forward estimates.
