

VAHLAND AVENUE, WILLETTON — SPEEDING VEHICLES

5376. Hon Sue Ellery to the Minister for Finance representing the Minister for Transport

I have been contacted by a number of residents expressing their concerns about the speeding along Vahland Avenue in Willetton, and I ask —

- (1) What is the most recent data Main Roads has collected about speeds along this road?
- (2) What is the number of vehicles that use this stretch of road on a daily basis?
- (3) When were these latest traffic figures taken?

Hon SIMON O'BRIEN replied:

Main Roads West Australia advises:

Vahland Avenue is a local government road under the care and control of the City of Canning. Council should be approached about the latest traffic and speed counts for this local road.

- (1)–(3) The most recent speed data collected by Main Roads on Vahland Avenue was in June 2008 for the proposed Leach Highway Truck Restriction which showed Average Weekday Traffic was 15,534 vehicles per day south of Leach Highway and 12,890 vehicles per day north of South Street.
