

WATER CORPORATION — BIMONTHLY BILLING

**312. Hon AMBER-JADE SANDERSON to the minister representing the Minister for Water:**

I refer to the answer given to question without notice 270 in which the minister claims that the move to two-monthly billing is estimated to generate savings of \$9.5 million per annum for 2014–15 to 2017–18. Can the Minister for Water provide a detailed breakdown of the annual savings that are claimed to result from the move to two-monthly billing?

**Hon KEN BASTON replied:**

I thank the honourable member for some notice of this question. The Minister for Water responds —

Due to the level of detail required, it is not possible to provide an answer in the time available and therefore I request the honourable member place this question on notice.
