

NATION BUILDING 2 PROGRAM

**637. Hon KEN TRAVERS to the minister representing the Minister for Transport:**

- (1) Has the state government lodged with the federal government a list of the projects valued at more than \$100 million that it wants funded under the Nation Building 2 program?
- (2) If yes, how many projects are included on the list?
- (3) What is the total value of the projects?
- (4) Will the minister table the list; and, if not, why not?
- (5) If no to (1), when does the government expect to submit the list?

**Hon SIMON O'BRIEN replied:**

I warmly thank the honourable member for some notice of this question, and provide the following answer on behalf of the minister.

- (1)–(5) The state government is currently in the process of considering projects to submit for funding under the Nation Building 2 program.
