

BROOME SENIOR HIGH SCHOOL — FIRE SAFETY SYSTEM

129. Hon KEN BASTON to the minister representing the Minister for Finance:

I refer to the answer to question without notice 86 asked on 20 March regarding repairs to Broome Senior High School. Can the minister advise whether the proposal to repair elements of the fire safety system at Broome Senior High School will include ensuring pipework meets the Australian standards for underground pipework and valves?

Hon STEPHEN DAWSON replied:

I thank the honourable member for some notice of the question.

The proposal being developed by the Department of Finance's Building Management and Works will include expert advice on the applicability of Australian standards and industry best practice.
