

PEDESTRIAN RAIL CROSSING, BIBRA LAKE

Petition

MR J.M. FRANCIS (Jandakot) [9.02 am]: I present a petition signed by 198 people, which is certified as conforming with the standing orders of the Legislative Assembly, and reads —

To the Honourable the Speaker and Members of the Legislative Assembly of the Parliament of Western Australia in Parliament assembled.

We, the undersigned, say that an urgent upgrade is required of the pedestrian railway crossing from a 'passive' to an 'active' one at Prout Way & Little Rush Close, Bibra Lake

Now we ask the Legislative Assembly to support this upgrade in the interest of community safety. Upgrading the crossing to an 'active' one would mean erecting visual and audio warning signals to warn of approaching trains. At the moment the crossing is graded as 'passive' meaning there are no active warning signals and crossing the rail line is at the risk of the pedestrian.

[See petition 36.]
