

DEPARTMENT OF TRAINING AND WORKFORCE DEVELOPMENT —
OPTIMA BUILDING, OSBORNE PARK

31. Hon LJILJANNA RAVLICH to the minister representing the Treasurer:

I refer to the decision to move the Department of Training and Workforce Development out of the government-owned building in East Perth and into the leased Optima building in Osborne Park at a cost of \$270 000 a month.

- (1) What are the fit-out costs in the Optima building for the Department of Training and Workforce Development area of that building?
- (2) What are the fit-out costs for the joint-use foyer and facility?

Hon SIMON O'BRIEN replied:

I thank the honourable member for some notice of this question.

- (1)–(2) The Department of Training and Workforce Development will occupy 40 per cent of the Optima Centre. Budgeted fit-out costs apportioned to the area of the building to be occupied by the Department of Training and Workforce Development is \$6 million, excluding goods and services tax. This covers the cost of all workstations, offices, meeting rooms, furniture, reception areas, and information and communication technology fit-out for the building.
