

EDUCATION AND TRAINING — NEW SCHOOLS

47. Mr Z.R.F. Kirkup to the minister representing the Minister for Education and Training:

Will the Minister provide a list of proposed new primary and secondary schools, including:

- (a) their location; and
- (b) the year in which they are proposed to be built, for the next ten years?

**Mr P. Papalia replied:**

The following primary and secondary schools are included in the current budget period or have been announced as election commitments. While there will be new schools outside the budget period, these are subject to demographic and planning assessment and are yet to be considered by Government. Confirmation of the timing of primary schools opening post 2019 is subject to the annual student enrolment projection assessment and future budget process.
