

LANDGATE — LAND REGISTRATION SYSTEM

757. Hon WILSON TUCKER to the minister representing the Minister for Lands:

I refer to my previous question 579, asked on 18 May, regarding the average Landgate turnaround times for each document type. The response I received indicated it would be too laborious to provide that information. Therefore, can the minister please provide the average turnaround time for the document types listed on Landgate's website, under the heading of "Lodgement turnaround times" for each year from 2017 to 2023?

Hon JACKIE JARVIS replied:

I thank the honourable member for some notice of this question. The following response has been provided by the Minister for Lands.

There are 82 document types within the land registration system, with more than two million documents received over the period from 2017 to 2023. For the 2022–23 financial year, Landgate received 407 952 documents. Of these, more than 32 400 transfers were lodged, with 94 per cent automatically registered within minutes of lodgement. To answer the honourable member's question in full, Landgate would have to examine and extract data on all 82 document types, which is not considered a reasonable use of government resources. However, if the honourable member has a more specific question, the minister will endeavour to provide an answer.
