

LANDS — CAPE PERON

1019. Hon Dr Brad Pettitt to the Leader of the House representing the Minister for Planning:

I refer to Cape Peron Working Group's report into the future of the Cape Peron area and the Government's commitment to progressing nine recommendations of this report, and I ask:

- (a) (a) could the Minister please advise what actions remain to be undertaken to finalise the reservation of this land as a Class A reserve as per recommendation 1 of the report;
- (b) (b) does the Minister have a timeline for undertaking these actions, and if so:
 - (i) could the Minister please advise what that timeline is for each of these actions;
- (c) (c) could the Minister please advise if the Department of Planning, Lands and Heritage have taken part in any action towards progressing recommendation 5, a study of the transport needs in and around Cape Peron:
 - (i) could the Minister please advise what actions have taken place and when; and
- (d) (d) could the Minister please advise if any action towards recommendation 4, the alignment and design of the potential Garden Island Highway has taken place:
 - (i) could the Minister please advise what those actions have been, and when they took place?

Hon Sue Ellery replied:

- (a)–(b) A survey and Deposited Plan is being prepared to define the extent of Stage 1 of the Class A reserve boundary, and is anticipated to be finalised shortly.
- (c) The Department is represented on the Cape Peron Implementation Committee and has assisted the City of Rockingham in preparing a detailed scope for a transport study.
- (d) Recommendation 4 recognises the existing Metropolitan Region Scheme reservation for the potential Garden Island Highway. Further action regarding the alignment and design of the highway will be undertaken if the highway is required to be constructed.
