

WESTERN AUSTRALIAN VACCINE SAFETY SURVEILLANCE — ANNUAL REPORT

**1207. Hon BEN DAWKINS to the Leader of the House representing the Minister for Health:**

I refer to the Western Australian Vaccine Safety Surveillance system annual report for 2022.

- (1) Considering the minister has previously advised Parliament that the WAVSS annual report 2022 would be published in September 2023, can the minister confirm that the report has now been published and table it in Parliament?
- (2) If no to (1), why has the report still not been published?
- (3) Will the minister table the standard operating procedure used by the vaccine safety team to perform data cleansing?

**Hon SUE ELLERY replied:**

- (1) No.
- (2) The Western Australian Vaccine Safety Surveillance annual report 2022 is being finalised and currently going through approval processes, which will be completed in November 2023.
- (3) Information on how the data is prepared and analysed is included in the WAVSS annual report 2022.
