

GOLD CORPORATION — REVIEW

164. Mr R.S. LOVE to the Minister for Mines and Petroleum:

I have a supplementary question. Is the review being conducted with external assistance or is it simply a management-led review?

Mr W.J. JOHNSTON replied:

That is a good question. When the previous CEO was in the position, he did an internal review that the government did not find satisfactory, so we have engaged external consultants. I do not remember the name of the consultants but it is not an issue; I am happy to inform the Parliament tomorrow of the name of the firm. But yes, it is with external professional support.
