

METRONET — WORKS — LAWFUL COMPLIANCE

1382. Hon Dr BRIAN WALKER to the minister representing the Minister for Transport:

I refer the minister to the reply she was good enough to provide to my question without notice 1231 of 12 October 2023 on the expectation that companies contracted as part of the Metronet rollout should execute their contracts in a legal manner.

- (1) What services is PERMAcast and/or its subsidiaries contracted to provide to Metronet from its site off Soldier Road in the Shire of Serpentine Jarrahdale?
- (2) What due diligence did the government undertake before issuing a Metronet contract to PERMAcast to ensure that the company was in compliance with all local and state laws; and, did that process involve liaison with the local shire?

Hon STEPHEN DAWSON replied:

I thank the honourable member for some notice of the question.

- (1) PERMAcast is contracted to provide precast components for a number of Metronet projects.
- (2) The contracts for each project requires Metronet alliances to perform due diligence as part of the procurement process.
