

KIMBERLEY FLOODS — GOVERNMENT HOUSING STOCK — DAMAGE

68. Hon WILSON TUCKER to the minister representing the Minister for Housing:

I thank the minister for the answer I received to my previous question, C046. Understanding the extensive work required to undertake and review building condition assessments in flood-impacted communities, can the minister please give the house an indication of whether replacement houses constructed in these communities will comply with the updated National Construction Code's energy efficiency and accessibility provisions?

Hon JACKIE JARVIS replied:

I thank the honourable member for some notice of the question. This answer has been provided by the Minister for Housing.

Yes.
