

SHIRE OF HARVEY — GUIDED DEVELOPMENT SCHEME

**981. Hon BEN DAWKINS to the minister representing the Minister for Planning:**

I refer to my question asked earlier today regarding the Binningup Lakewood Shores guided development scheme and further refer the minister to the City of Canning's *Scheme review report* dated May 2016.

- (1) Can infrastructure contributions not delivered during the term of a guided development scheme be carried forward into a new planning scheme, as reflected halfway down page 3 of the City of Canning's *Scheme review report*?
- (2) Can the minister please consider recommending that the outstanding contributions from developers that relate to the golf course under the provisions of the Shire of Harvey's planning scheme 12 be rolled into the Shire of Harvey's proposed local planning scheme 2?

**Hon JACKIE JARVIS replied:**

The following response has been provided by the Minister for Planning.

- (1)–(2) The City of Canning's guided development scheme review document has no correlation to the Binningup guided development scheme. The minister refers the member to previous responses provided to him on this matter.
