**Main Roads Western Australia**

*Question C1 . Hon Paul Brown.*

*When is the Wheatbelt Safety Review going to take place, when is it expected to be completed and when will we find some detail about it?*

**Answer:**

- **An examination of crash data during the first half of the year identified the Great Eastern Highway and Chidlow-York Road (Great Southern Hwy) as having an above average crash rate, together with Toodyay Road which was already subject to a review by Main Roads WA.**
- **A community forum in Merredin and technical analysis of the routes was held on 6-7 August 2015 following a period of online community engagement.**
- **A community forum in Toodyay is being organised for 9 November 2015.**
- **A report on the Review and its recommendations will be presented to the Minister for Road Safety in the near future.**
