Dear Mr Hughes *Tim*

**RE: CLARIFICATION TO TRANSCRIPT - ECONOMICS & INDUSTRY STANDING COMMITTEE**

Thank you for providing INPEX with the opportunity to review the transcript of the oral evidence we provided to the Economics and Industry Standing Committee on 22 November 2010. We would like to request that the following clarifications/corrections be made to the transcript:

- (a) Page 6 - 'We probably landed on the Maret Islands by 2006.' This should be corrected to '2004.'
- (b) Page 11 - 'Van Gogh is operated by Apache; we own 47 per cent of that project. I believe it is 80 000 barrels a day production.' This should be corrected to reflect that:
  - 1) INPEX owns a 47.499% share of the Van Gogh project; and
  - 2) the production rate is 52,000 barrels a day.
- (c) Page 12 - 'At the moment we have a seismic survey over Ichthys field and we do have a commitment well, I believe next year, on 341.' This should be corrected to reflect that the commitment well is in 2013, not next year.

Thank you for making these changes. Please feel free to contact me should you require any additional clarification or information.

Yours sincerely
