Dear Ms Clohesy

Please find attached the collated corrections to the transcript for the 2018-19 Department of Education Annual Report Hearing, held on Monday, 2 December 2019. In addition, I wish to add some further information to clarify and assist the Committee.

The individual disability allocation provides funding to schools for eligible students with a disability rather than the allocation of additional staff such as an education assistant, which was the previous model. For example, for a particular child with a disability, funding allocated through the individual disability allocation allows for 0.3 of an FTE education assistant to be employed by the school to support that child. This change is indicated on page of 11 of the Transcript.

Thank you for the opportunity to provide feedback on the transcript.

Yours sincerely

SUE ELLERY MLC
MINISTER FOR EDUCATION AND TRAINING
