Dear Ms Jewell

**DEPARTMENT FOR COMMUNITIES – CORRECTION OF FACTUAL  
INFORMATION ON BUDGET ESTIMATES TRANSCRIPT, 20 JULY 2010.**

In the Transcript of Evidence from Session One on 20 July 2010, I have identified two instances of factual inaccuracy in the information I provided.

On Page 14 I referred to joint work the Department for Communities had undertaken with Curtin University on the issue of pay equity for women. That collaboration was in fact in relation to the issue of Women in leadership more generally and not specifically pay equity.

On Page 26 I referred to the Indigenous Women's indicator set as having been recently updated. In fact that work is underway but not complete as yet.

Yours sincerely
