ANSWERS TO QUESTIONS TAKEN ON NOTICE**

**Metropolitan Redevelopment Authority**

Supplementary Information No C4(e) Request for further information. No C4 (e)i and ii

No C4 (e)i

The Committee requests further details of the confidential information referred to in clause 4 of the Partnership and memorandum of understanding between Seven West Media and Carat on behalf of the MRA (MOU) (a copy of which is attached) and the basis upon which it cannot be provided to the Committee.

Please include a list of documents and a general description of their contents to enable the Committee to make a decision whether to formally request copies of the relevant documentation.

Answer:

I am advised the confidential information relates to data files and associated project and technical information supplied to develop the activation experiences. I understand the clause was included in the MOU to ensure this information was not used by either party, or supplied to third parties, without the appropriate permissions. Much of this information is publicly available but some of the raw data files are not available publicly in order to ensure the complex level of detail is not misrepresented.

These files are design files and not documents that can be read such as word documents. A list is attached of the file names and a description of their format and content.

No C4 (e)ii

Further, can you please clarify who added clause 4 to the MOU and whether it is consistent with section 81 of the Financial Management Act 2006?

Answer:

I am advised the MOU document was created by Seven West Media and Carat and as such the clause was included when they created the document.
