Chapter 1

Budget Briefing 2019-20

Background

1.1 Each year since 2001, the Public Accounts Committee (the committee) has played host to a briefing on the Western Australian State Budget. Officials from the Department of Treasury deliver the briefing, which is available to all interested members of the State Parliament.

1.2 The annual briefing takes place in the week immediately following the Treasurer’s presentation of the Appropriation Bills in the Legislative Assembly and the delivery of his Budget speech. The briefing includes a PowerPoint presentation outlining key elements of the Budget and provides an opportunity for all members to acquire detailed knowledge of the economic forecasts for the year ahead and the impact of the Government’s income and expenditure proposals on the State’s bottom line. It also presents an opportunity for members to question the Treasury officials about the Budget’s underlying assumptions.

1.3 In keeping with recent practice, the committee has resolved to append the PowerPoint presentation that accompanied this year’s briefing as well as the response from the Under Treasurer’s office to a question taken on notice from the floor. The committee believes there is significant merit in making such documents public, as they provide a useful reference point for anyone with an interest in the State’s current fiscal policy.

1.4 Sixteen members attended the 2019-20 Budget Briefing, which took place on Tuesday, 14 May 2019 and was delivered by the following Treasury officials:

- Michael Barnes, Under Treasurer
- Michael Court, Deputy Under Treasurer
- Kirsty Lawrie, A/Executive Director, Economic
- Mike Andrews, A/Executive Director, Strategic Policy and Evaluation

1.5 On behalf of the committee and all other members present on the day, I would like to thank Mr Barnes and his team for the quality of their presentation and their continuing support of this event. We very much appreciate the level of preparation that clearly goes in to this work.

DR A.D. BUTI, MLA
CHAIR
Appendix One

Treasury’s Budget Briefing Presentation: 2019-20 Budget
KEY POINTS

- Economic growth (GSP) in 2018-19 revised down from 3% to 2%
  - Mainly due to weaker than expected household consumption
  - Lower than previously planned increase in household fees and charges
- GSP growth forecast to lift to 3.5% in 2019-20
  - Mainly due to rebound in business investment
  - Increase in Government investment also contributing
- Housing (both new construction and established) remains weak
  - Temporary relaxation of Keystart eligibility criteria
KEY POINTS CONT.

- Estimated operating surplus of $553m in 2018-19
  - $1.2b turnaround from $674m deficit forecast in the MYR
- Operating surpluses forecast across forward estimates period
  - Including $1.5b surplus in 2019-20
  - Based on continuation of low expense growth, including $1,000 wages policy
- Net debt forecast to peak at 30 June 2020 and then gradually decline
  - Underpinned by expected return to cash surplus position from 2020-21
WA ECONOMY

Economy forecast to grow by 3.5% in 2019-20 and 3% p.a. out to 2022-23, underpinned by a stronger domestic economy.
CAUTIOUS CONSUMERS

- WA households have been cautious over the last decade – reflected by a high savings rate, well above the national average
- This has been acting as a drag on household consumption
## HOUSEHOLD TARIFFS, FEES AND CHARGES

Basket of household tariffs, fees and charges to rise by 2% in 2019-20 – $301m net debt impact relative to previous assumptions

KEYSTART STIMULUS PACKAGE TO SUPPORT HOUSING SECTOR

- Banks tightening access to credit in response to the Royal Commission is limiting access to home ownership and has weighed on construction activity.
- In response, Keystart income limits have been temporarily increased by $15-20k (1 July to 31 December 2019).
TIGHTENING RENTAL MARKET

The rental vacancy rate has declined sharply (suggesting that supply has tightened), which has increased rents and is expected to support construction and prices as renters look to build.

To: Committees, Public Accounts <lpsac@parliament.wa.gov.au>
Subject: RE: PAC Post-Budget Briefing 2019-20: Question taken on notice

Morning Tim

Thanks again to you and the Public Accounts Committee for the opportunity to brief members on the 2019-20 Budget.

In response to the question from Mr Shane Love, MLA, the average rate of operating expenditure growth for the Departments of Health and Education over the budget period are as follows:

- Department of Health: 2.8%*
- Department of Education: 3.5%
  *(Adjusted for time-limited expenditure)

I can also confirm that I have no concerns regarding the publication of either the presentation or the above response by the Committee.

Thank you

Deborah Hind

CC: Barnes, Michelle
Subject: PAC Post-Budget Briefing 2019-20: Question taken on notice

Good afternoon Deborah

Thank you again for all your help with the briefing. It went very smoothly and was well received by the members present.

The Under Treasurer undertook to provide some further information in response to the following question from Mr Shane Love, MLA:

1. What is the average rate of operating expenditure growth for the Department of Education and the Department of Health?

Once received, the committee will distribute a copy of the Under Treasurer’s response to the members who were present at the briefing. The committee is also likely to publish the response, along with a copy of today’s Powerpoint presentation, in a report to Parliament in June. If the Under Treasurer has any concerns regarding the publication of these materials by the committee, could you please have him articulate those as part of his response.
Appendix Three

Committee’s functions and powers

The Public Accounts Committee inquires into and reports to the Legislative Assembly on any proposal, matter or thing it considers necessary, connected with the receipt and expenditure of public moneys, including moneys allocated under the annual Appropriation bills and Loan Fund. Standing Order 286 of the Legislative Assembly states that:

The Committee may -

1 Examine the financial affairs and accounts of government agencies of the State which includes any statutory board, commission, authority, committee, or trust established or appointed pursuant to any rule, regulation, by-law, order, order in Council, proclamation, ministerial direction or any other like means.

2 Inquire into and report to the Assembly on any question which -
   a) it deems necessary to investigate;
   b) is referred to it by a Minister; or
   c) is referred to it by the Auditor General.

3 Consider any papers on public expenditure presented to the Assembly and such of the expenditure as it sees fit to examine.

4 Consider whether the objectives of public expenditure are being achieved, or may be achieved more economically.

5 The Committee will investigate any matter which is referred to it by resolution of the Legislative Assembly.
