Aboriginal Housing Office
PO Box W5
Parramatta NSW 2150

Dear Sir/Madam,

I am writing this letter for Mr Barry Jameson who I have got known through his association with Aboriginal people and the services he has delivered to their communities.

In the time I have known Mr Jameson he has shown proven ability to communicate and effectively work with, and consult with, Aboriginal people and their communities, to the extend, that he is always welcomed back to the community he has had involvement with. Mr Jameson has also been a mentor to individuals from the communities he has worked with and is accepting of the challenges that face Aboriginal people and their communities today and in the future.

I have no hesitation in recommending Mr Barry Jameson to have involvement in Aboriginal issues today as he has always shown respect to those concerned and believe in what he is there for. If you have need for any further information please feel free to contact me.
