

Matthew Spurr

The Chairman
Joint Standing Committee On The Review Of
The Racing & Wagering Western Australian Acts
Parliament House
Perth WA 6000

Dear Sir

I would like to present some additional recommendations concerning the above mentioned review.

1. LEGISLATION ADRESSING THE POWERS OF THE MINISTER.

- (a) The controlling body may not cause or enable any action whatsoever that may lead to an affiliated club being non operational with out express approval of the minister.
- (b) The minister will hand down a decision after recieving submissions from all relevant affected parties
- (c) The ministers decision shall be final.

2. FLEXIBILITY FOR WESTERN AUSTRALIAN TAB.

Due to restrictions placed on the products and types of betting available for the WA Tab it is severely limited when competing for the punting dollar against the now numerous betting agencies who are syphoning money out of WA.
There is need for scrutiny with the aim of creating a level playing field.

Yours Sincerely
