

I have tried to apply for conveyance allowance for the last 4 years for my daughter. No bus for any secondary school comes to our suburb so we have to commute 14km 4 times a day to catch her bus. The school I have sent her to goes to year 12. But there is a school about 5kms closer that only goes to year 10. So because I believe that her not having to change schools is the better option. Even though both buses leave from the same location, I cannot get any conveyance allowance
