

To whom it may concern,

Hello my name is Domenic Licastro, I have a business called

Just over a year ago I invested in vending cigarette machines. (which I operate now)

I'd like to submit that I'm in favor to prohibit smoking in cars carrying children and between the flags at beaches.

I don't agree with with no smoking in outdoor drinking areas.

There are area that people can eat without effecting the smokers.

As for the display of Tobacco products if a venue that is selling alcohol to 18+ then selling cigarettes should be displayed as is. (LAWS TO STAY AS IS)

The other places that minors might be attracted to, I don't mind tighter laws. (e.g. supermarkets @ deli's ect...

Thanks & Best Regards

Domenic Licastro
