

RALPH & JOAN BRITTO

THE JOINT SELECT COMMITTEE
ON END OF LIFE CHOICES

LEVEL 1, 11 HARVEST TCE

WEST PERTH

W.A. 6005

26th SEPT. 2017.

DEAR SIRS,

SUBMISSION to the inquiry into the need for W.A.
Laws to allow citizens to make informed
choices for end of life.

In our opinion, the current WA Laws do need improvement for citizens to make informed choices for their end of life.

We are worried about this committee making any changes in favour of assisted suicide and for euthanasia.

We request that all patients with a terminal condition do have to be given palliative care, to ease their passing and that more funding towards palliative care be given for non-cancer sufferers.

Yours faithfully

Joan M. Britto
