

Dear sir madam,
i am refugee here lives in crisis accommodation. we are homeless with 9 years old and 3 years old kids.

This is the inquiry related to our matter.

our lives is endangered so we don't want to publish our name.

I have completed bachelor's of Civil Engineering.

I want to submit my view for reducing homelessness in WA.

I am also living in crisis accommodation at willetton. If you can't inquire us how you find the real homeless. Private housing is very very expensive. Please give the chance to submit our little space demand in WA.

Thank you
