

MS. LINDA OMAR
 COMMITTEE CLERK.
 FOR ENVIRONMENT,
 AND PUBLIC AFFAIRS.

G & PL. SEGRETO

21/10/10

To whom it May Concern,

In response, regarding
 RE: LEGISLATIVE INQUIRY INTO COCKBURN CEMENT LTD
 MUNSTER

"OUR VIEWS" (MAINLY OUR HEALTH) ISSUES.

- ① ODOURS. AND TASTE.
- ② DUST EMISSIONS.
- ③ DAMAGED CARS.
- ④ ENVIRONMENT.
- ⑤ ROOF DAMAGE.
- ⑥ OUR PET DOG?

We have been in our existing home for 25 years.
 we had four young children then, before we
 purchased this home we approached "THE COCKBURN
 CITY COUNCIL":

To verify how clean and safe, and Dangers from
 'COCKBURN CEMENT'. we would encounter, they
 assured us. very safe. As the years have gone.
 it has only got very much worse. very far from
 safe & healthy. If the dust can ruin paintwork on
 our cars & homes what does it do to our bodies.
 We lost our beloved Dog at Easter this year. and
 it just makes me wonder. this is a really

Beautiful area to live but it's being totally
 Ruined by "COCKBURN CEMENT" (NO THANKS TO THE COUNCIL)
 EITHER.

Yours Truly,
 Mr. & Mrs. G. Segreto.
