

I live in diving 3 1/2 hours from Perth I currently I'm doing 40 K round-trip to get my two high school children on a bus at the same time I have to be at the end of my driveway to get my two primary school children on the bus as a primary school bus route changes from 10 to 10 times very time is also very due to road closures from rain most days my high school children are waiting at the front of the local shop for up to 20 minutes other days if the primary school bus is running late it can be up to 30 minutes plus in the freezing cold and rain on 35+ degree heat in summer I have requested a bus route extended 20 k's
