

I am from Vietnam
but I live in Australia

Year

5

I am under 12
years old

I don't need help
getting food

I get stomach aches
when I don't get food
and I am unfocused

On some days I don't
get food

There is no one to
make food for me

I get food from
other kids

I think it is a good
idea because I don't
have to ask anyone for
food and be annoying
