

Secretary Centaurs Men's Hockey Club
Marlene Dye

PUBLIC

Dear Sir/ Madam,

I am writing this submission to you on behalf of the Centaurs mens hockey club. Our club has a fifty year history of which thirty of those years involves a annual canoe trip on our beautiful water ways the Wellington weir it involves both the men and women of the club it is a very important date on our calender and the participants await eagerly for the day to arrive. Our camp is always left cleaner than when we arrive. Our club is very aware of how important the water is and we use electric motors on our canoes as well as the use of paddles. With powered boats using the other water ways in the Collie area the weir is very important to us for our recreation. Thank you for time please consider all submissions from the locals.

Regards Centaurs hockey club
