Subject: Hello from Nutha Way Crew Coolgardie

Hello

Cat¹ saw the story on Facebook about asking us about when we are hungry. We are hungry sometimes. Cat feeds us in the park before we go out on country. Sometimes we need a feed before we go out because we are hungry. Sometimes we are hungry when Cat isnt there, We text her so we can get a feed.

The shire asked Cat to consult with us kids. We sent our ideas to the Council.

We told Cat one of the things we needed was a four oclock feed. Some kids get in trouble because they are hungry. Cat worked with Nulungu Research Institute, Notre Dame University to get a program going for us. Telethon is funding it. We will run a program three times a week from 4 - 5.30pm - Fun and Feed at Four Oclock to feed the hungry kids. We will run the program and get paid. We will learn leadership through the program.
