Dear Committee,

As a local business owner, employer and supporter of the work experience and traineeship programmes for our students Year 11 and 12, we believe the standard of our applicants has been and continues to be very good, we have had three employees starting as receptionists from 2005 through to current times and they continue to be high achievers.

As a very active monitor of the town and area growth, we look forward to supporting the continuance of our school Year 11 and 12 facilities being maintained and available to students who would otherwise not travel to Moora or other areas to attend further education programmes.

We are a growth area and major Coastal town between Perth and Geraldton. The Indian Ocean Drive will increase the appeal of our region to many more families, we have the ability to provide a great place for many of those families to choose to live and work in and from.

We trust that your decision is in support of maintaining a positive outcome for The Jurien Bay District High School and that no funding cuts or reduction in staffing or facility levels are applied to this School.

Yours sincerely
Greg Johnson
Principal/Licensee
