## PETITION IN RELATION TO CANAL ESTATE DEVELOPMENTS, MARINAS AND BOAT HARBOURS

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia (WA) are opposed to the construction of the proposed canal estate developments at Point Peron and at Ocean Reef.

We are concerned that both these proposed developments are being promoted as marinas, when they are clearly canal estates as defined in WAPC, Development Control Policy 1.8 Canal Estates and Artificial Waterway Developments.

The environmental risks, inevitable damage from extreme weather events, lack of insurance for property owners against storm surges (inundation from the ocean) and associated economic costs are too large. Your petitioners therefore respectfully request the Legislative Council to:

1. Legislate to ban canal estate developments in WA in line with New South Wales and Victoria; and
2. Recommend that the State Government move quickly to ensure marinas are constructed to address any shortfall in boat pens.

And your petitioners as in duty bound, will ever pray.
