PETITION IN RELATION TO PROPOSED COAL MINE IN OSMINGTON

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia are opposed to the proposed coal mine at Osmington in the Margaret River region because of the threat posed by such mining to the Margaret River, surrounding groundwater aquifers, the neighbouring agricultural and tourist operations and to the brand name of Margaret River which supports world renowned wine and tourism industries.

Your petitioners therefore respectfully request the Legislative Council to call on the Government to oppose the Osmington coal mine proposal and further, to immediately legislate to protect the Capes region from any proposed mining that threatens pre-existing agricultural and environmental values.

And your petitioners as in duty bound, will ever pray.

Tarna Osborne
