PETITION IN RELATION TO DOMESTIC VIOLENCE REFUGES & SAFE AT HOME SERVICES

To the President and Members of the Legislative Council of the Parliament of Western Australia in Parliament assembled.

We the undersigned residents of Western Australia respectfully oppose any funding cuts to the 'Safe at Home' services funding. This service offers services to women and families, in a domestic violence situation (at a fraction of the cost of refuge placement) assisting the family with practical issues and ensuring that safety is in place, while in their own homes. This includes safety plans, surveillance, legal advice, children support.

We the undersigned residents of Western Australia respectfully request that the State Government honours its election commitment to build 2 new Refuges in Perth.

Your petitioners therefore respectfully request that the Legislative Council investigate the impact that non delivery of a second refuge in Perth and cutting funding to the 'Safe at Home' Program will have on women and families in Western Australia in a Domestic Violence situation.

And your petitioners as in duty bound, will ever pray.
